Dear colleagues!

European leading experts of Deer Breeding Industry will gather this year in Russia because of the annual **autumn FEDFA meeting**.

August 18th - 20th, 2018 the **"Russian Deer Breeders Association"** (member of FEDFA) will receive deer breeders and farmers from all over Europe (also from the Central Russia and Siberia) in **the Republic of Altai**.

In the program - a possibility of establishing contacts and sharing experiences of deer farming with the European deer breeders.

There is no formal application form. Please confirm Your participation by email: rdba@list.ru.

Participants gather in Moscow ("Domodedovo" airport) on 17. August up to 22:00 h. Moscow time.

Further all together fly from Moscow ("Domodedovo" airport) to Gorno-Altaysk (but everyone can go to Gorno-Altaysk of his own free choice):

Departure from Moscow ("Domodedovo" airport) on 18. August at 0:10; flight Nr. S7 215; 4 h 15 min. flight time; arrival in Gorno-Altaysk at 08:25.

Please pay attention, that the airport of destination and departure from Moscow is **"DOMODEDOVO"**. There are several airports in Moscow. The distance between them is big. If someone arrives in "Sheremetyevo" airport or "Vnukovo" airport, it is necessary to consider time of transfer from one airport to another (in Moscow big traffic jams!!!). **The high-speed train "Aeroexpress":** www.aeroexpress.ru is a convenient and reliable way of travelling between Moscow and its airports.

It's also possible to fly from Moscow to Barnaul. The distance between Barnaul and Gorno-Altaysk is 260 km - 3 - 4 hours of travelling by bus / minibus / taxi - 700 – 2000 Rub. (10 – 29 EUR).

For those, who won't get tickets to Gorno-Altaysk for 18. August, we recommend to fly 1 day before. Near the museum, where there will be an opening of FEDFA meeting, it's possible to accommodate in **the "IGMAN" hotel:** www.igman04.ru, double room - 3000 Rub. (43 EUR).

On 18. August in the morning the participants will be picked up from the airport of Gorno-Altaysk and brought by bus to **the National Museum of Altai Republic:** www.musey-anohina.ru, located in the city center of Gorno-Altaysk. There participants will have breakfast, further an excursion, a meeting with maral deer breeders and authorities of Gorny Altai. After that - a sightseeing tour and departure to the region (visit of tourist sights and maral deer farms of Gorny Altai).

Visit of the picturesque **Gorno-Altai Botanical Garden:** www.g-abs.ru and **the Ethno-hotel "Berendeevka village:** www.berendeevka.com, where we plan open air lunch – picnic, in the evening - transfer to **the deer farm "Aikhal"** (Barkhatovo, Shuysky path – appr. 150 km from Gorno-Altaysk): www.altai.org.ru/index.php/ongudajskij-rajon/26-turbaza-maralnik-ajkhal-ongudajskij-rajon-altaj. Overnight stop there.
